

Multifunctional Security Grille

**What makes the Stackdoor
Security Grille unique?**

- 85% Transparency
- Anti-lift design without a lock
- Stacks, does not roll, therefore all lengths and shapes are possible
- Designed for restricted space = very small headroom required
- Very easy to install

STACKDOOR

With its multifunctionality, transparency and latest RC2 resistance class certification, Stackdoor sets the new standard in security grilles and surpasses all its competitors.

Break in resistance

- RC2 certified (EN1627)
- 3 to 5 more material thickness
- Cannot be lifted
- Up to 15 minutes break-in delay

Design
